JOURNAL  
OF THE  
FACULTY OF SCIENCE  
UNIVERSITY OF TOKYO

SECTION II

GEOLOGY, MINERALOGY, GEOGRAPHY, GEOPHYSICS

Vol. XVII

TOKYO

1968-1970

The "JOURNAL OF THE FACULTY OF SCIENCE" is the continuation of the "JOURNAL OF THE COLLEGE OF SCIENCE" published by the University in forty-five volumes (1887-1925) and has been issued in five sections:

**Section I.—Mathematics, Astronomy, Physics, Chemistry**

**Section II.—Geology, Mineralogy, Geography, Geophysics**

**Section III.—Botany**

**Section IV.—Zoology**

**Section V.—Anthropology**

From the year 1970 onward, Section I will be divided into two divisions:

**Section IA.—Mathematics**

**Section IB.—Astronomy, Physics, Chemistry**

Currently, however, there is no schedule for publication of Section IB.

---

#### **Committee on Publication**

Prof. R. KUBO, Dean, *ex officio*

Prof. S. T. KURODA

Prof. F. TAKAI

Prof. H. HARA

Prof. N. EGAMI

Prof. H. SUZUKI

---

All communications relating to this Journal should be addressed to the DEAN OF THE FACULTY OF SCIENCE, UNIVERSITY OF TOKYO.

## CONTENTS

### Part 1.

	Page
T. OKUTANI: Systematics, Ecological Distribution and Palaeoecological Implication of Archibenthal and Abyssal Mollusca from Sagami Bay and Adjacent Areas .....	1-98
M. HASHIMOTO: Glaucophanitic Metamorphism of the Katsuyama District, Okayama Prefecture, Japan .....	99-162
(Publ. October 31, 1968)	

### Part 2.

T. KOBAYASHI: Stratigraphy of the Chosen Group in Korea and South Manchuria and its Relation to the Cambro-Ordovician Formations of Other Areas. The Cambro-Ordovician Formations and Faunas of South Korea. Part X, Section D. The Ordovician of Eastern Asia and Other Parts of the Continent .....	163-316
H. SHIMAZAKI: Pyrometasomatic Copper and Iron Ore Deposits of the Yaguki Mine, Fukushima Prefecture, Japan .....	317-350
(Publ. October 31, 1969)	

### Part 3.

Y. IWASAKI: The Shiobara-Type Molluscan Fauna—An Ecological Analysis of Fossil Molluscs.....	351-444
N. SHIMIZU: Lead Isotopic Studies on Granitic Rocks of the Abukuma and Sidara Areas in the Ryoke-Abukuma Metamorphic Belt, Central Japan.....	445-484
(Publ. December 19, 1970)
